NOM*Act*

CHAMPIONING DIVERSITY, EQUITY & INCLUSION

HISTORY

Formed in May of 2019, the founding members of the National Organization of Minority Architects, Connecticut Chapter were brought together through a call to action to drive the architectural profession in Connecticut forward. NOM*Act* partners with AEC professionals, local and state governments, students, and our communities to champion diversity, equity, and the education of architecture.

MISSION

Advocate for equity, diversity, and inclusion in the architectural profession through mentorship, professional development, community outreach, and recognition.

VISION

To create more diverse teams within the architectural profession to drive the profession forward, embody the communities we serve, and to minimize the effect of racism in our profession.
